Statement Regarding Ongoing Investigations and Corrective Actions

In February 2021, BPHN's board of directors learned that its then-President and CEO was being investigated by federal and state authorities for allegedly engaging in various forms of illegal conduct. Promptly after becoming aware of the investigations, BPHN terminated the former CEO and installed an interim CEO consistent with an agreement with the New York City Department of Social Services ("DSS"). BPHN is cooperating fully with these investigations and taking all requisite steps to comply with corrective and remedial processes put in place by DSS and the New York City Department of Investigation.

BPHN's compliance with the investigations and corrective actions in no way deters the organization from its primary purpose: creating holistic paths to employment and stability so that individuals and families can secure safe, clean, affordable, and permanent housing. Throughout this process, BPHN will continue to deliver essential support services for our communities and remain steadfast in its commitment to ending homelessness in New York City.
